

## Red Means Go for Kauri Rescue!

We are delighted and excited that the move into the Covid Protection Framework on the RED traffic light setting for the Auckland Region on 3 December means that we can finally get back to work in the field.

It has been such a long time and we want to thank all our participant landowners on the waiting list for kits for their patience. We will be in touch with you all individually over the next few days to make arrangements to help you with your trees.

## Covid Vaccination Policy

The Kauri Rescue Trust has adopted a Covid Vaccination Policy that means all our employees, contractors and volunteers will be fully vaccinated.

We will be using Covid Passport verification technology for attendance at our workshops. Only fully vaccinated people will be able to volunteer for Kauri Rescue and enter our participant landowners properties.

If any landowner is not vaccinated but still wants to participate by treating and monitoring their own trees they can do so. We will arrange for a contactless drop off and collection of your kit.

## Work Programme Plans

We anticipate spending the time before the Xmas break issuing and demonstrating treatment kits to new participants, so that you can spend the holidays getting on with the work of treating your trees.

We would also like to gather as much data as we can on how the trees we have already treated are doing.

So if any of our landowners would like to monitor the health of their own trees please let Mels know on [mels@kaurirescue.org.nz](mailto:mels@kaurirescue.org.nz) and we will arrange to drop off a reassessment kit to you.

We expect to start our volunteer workshops on larger properties in February. So if you would like to be added to our Ambassador mailing list for early notification of these opportunities please let Mels know on [mels@kaurirescue.org.nz](mailto:mels@kaurirescue.org.nz)

## Thank you to our funders

A huge thank you to our generous funders [Auckland Council](#), [Ministry for Primary Industries Kauri Protection Fund](#) and the [Biological Heritage National Science Challenge Ngā Rākau Taketake: Saving Our Iconic Trees programme](#). Plus our sponsor [Matakana Water](#). We couldn't do any of our work without you.

If your company or organisation would like to sponsor Kauri Rescue then please get in touch to explore how we can work together to protect kauri.

If you haven't already checked out our Storymap website then [jump onto it here](#) and learn the story of Kauri Rescue.

## Kauri Rescue T-shirts for Xmas

If you'd like to support Kauri Rescue and solve your Xmas present problems at the same time then [click here to visit our merchandise store](#). A portion of each purchase goes directly to the Kauri Rescue Trust. Thanks!
